UI/UX Designer at Adlumin Inc.

Ruthie Williams is a UI/UX Designer at Adlumin Inc, a cybersecurity technology firm that focuses on revolutionizing how corporate institutions secure sensitive data and intellectual property while achieving their compliance objectives through its security and compliance automation platform. Williams is responsible for continuously advancing and improving the UI experience for customers, and she also contributes to front-end development and graphic design whenever necessary.

Before joining the Adlumin team, Williams worked on product design SolarStory, a consumer-facing, geo-specific marketplace for solar panel installation.

When she is not enhancing the front-end design, you can find her enjoying hobbies: drawing, painting, writing, running, and yoga.
