

/ MAHKAH WU

Senior Data Scientist at Adlumin Inc.

Mahkah Wu is a Senior Data Scientist at Adlumin Inc., a cybersecurity technology firm that focuses on revolutionizing how corporate institutions secure sensitive data and intellectual property while achieving their compliance objectives through its security and compliance automation platform. Wu is responsible for developing data infrastructure and building unsupervised anomaly detection models that operate on streaming data.

Before Adlumin, Wu found data-driven insights and built models in various fields, including electrochemistry, campaign management, public opinion research, program management, and security.

You can find him enjoying hobbies, including attending concerts, cooking, cycling, and climbing.
